

Fees for Hospital Treatment of Uninsured Residents and Non-Residents of Canada

Yukon Hospital Corporation is obligated to collect fees for medical treatment provided to both uninsured residents and non-residents of Canada. This pamphlet offers a detailed look at who must pay and what the cost of various treatments and procedures are, as determined by the Interprovincial Health Insurance Agreements Coordinating Committee.

How do I make a payment?

All payments can be made at the Admitting and Discharge desk.

Who must pay for hospital treatment?

▶ Uninsured Residents of Canada

You will be charged the Uninsured Resident rates, which are payable on admission or discharge:

- If you are a Canadian resident without valid provincial or territorial health care coverage
- If you are a returning Canadian during your waiting period of 3 months for Yukon Health coverage.
- If you are a non-resident of Canada, with proof of valid residency status, ie. landed immigration papers or permanent residency card, student visa or work visa. This does not include temporary residents.

▶ Non-Residents of Canada

You will be charged the Non-Resident rates, which are payable on admission or discharge:

- If you are from out of the country
- If you were unable to provide proof of valid residency status, ie. landed immigration papers or permanent residency card, student visa or work visa.
- If you are a refugee claimant without valid Interim Federal Health Coverage on the date of service.
- If you are a visiting Canadian and not a permanent resident of Canada. This includes temporary residents.

Fees for Inpatient and Outpatient Hospital Treatment of Uninsured Residents or Non-Residents of Canada

- One or more same day outpatient visits are charged separately.
- Insurance companies are not sent copies of bills for outpatient visits and all charges are payable at time of service.
- Patients who have private insurance are required to provide information to the registration staff at time of admission. Hospital fees remain the responsibility of the patient.
- Patients should contact their insurer directly.

Inpatient and Outpatient Daily Rate Includes:

- Basic diagnostic and hospital stay services.

Charges Not Included in Daily Rate:

- Physicians' fees, which are billed separately by the physician's office.
- Ambulance fees, which are billed separately by Yukon Government.
- Medical Evacuation (Medevac) fees, which are billed separately by Yukon Government.
- Costs for copies of your health records and/or X-Rays are billed separately.
